

# GEN. GONZALEZ, CARRANZA AIDE JOINS REVOLUTION

## Revolts With Several Units of Federal Troops

### LEADERS HOLD CONFERENCE

WASHINGTON, May 4.—General Pablo Gonzalez, long regarded as Carranza's chief aide, today announced that he had joined the revolution, according to official dispatches. He was a few miles east of the Mexican capital yesterday in command of two regiments of federal troops and has severed both railway lines extending to Vera Cruz.

Another report received here through unofficial channels was that the high military officers whom Carranza summoned in council a few days ago, had supplemented their advice to him to resign with an ultimatum fixing May 15 as the limit for his tenure of office.

The reported determination of the military group to force him out of office, would go far, officials here believe to account for his failure that has been met by Carranza in getting under way offensive campaign. To date the revolution has moved forward without a battle.

When Gonzalez disappeared from Mexico City, government officials there are said to have proceeded ignorance as to his whereabouts, but all secrecy as to his movements was removed when he joined Manuel Gonzalez, commanding a federal force near Los Celis.

This meeting was followed by the immediate utilization of the force as revolting unit. After cutting the railroads, Gonzalez and his force are said to have moved towards the state Puebla, where a strong force of rurales recently announced their support of rebellion.

Gonzalez was the leading opponent of Obregon for the presidency until Ambassador Bonillas entered as an candidate. A conference was held recently between Obregon, Gonzalez and Bonillas, at which it was announced Bonillas, at which time it was announced was urged to withdraw their candidacies in the interest of harmony. Bonillas' refusal was followed by revolution in Sonora.

Cable companies refused today to accept messages for Mexico for the first time since the uprising. The refusal to accept messages was construed by officials as an indication that the revolutionists had cut the wires between the capital and Vera Cruz.

The only land wires left the government for direct communication with the United States are those through Eagle Pass and Pecos.

**Invite Foreign Capital**  
NACCO, Sonora, May 4.—(By Associated Press.)—Adolfo La Huerta, governor of Sonora and commander-in-chief, proponent of the revolutionary forces in Mexico, today extended an invitation for foreign capital to enter Mexico, if the revolution proves successful.

Governor De La Huerta outlined the future plans of the revolutionists, announced cabinet selections or the provisional government and revolutionists have set up, and reviewed the revolution to date.

He announced that an ultimatum to the revolutionary party to establish prohibition and opium in Mexico. Orders have been issued to stop the sale of liquor in all territory controlled by the revolutionists, he said.

"Mexico invites and enjoys the visits of foreigners," he said, "but we do not wish to make our country a place for dissipation."

Governor De La Huerta arrived here today in a special train from Hermosillo to confer with revolutionary leaders.

De La Huerta is to be temporary head of the revolutionists, leading a meeting of governors and leaders of states who have joined the revolt, when a provisional government will be selected.

General Peltas Calles, named minister of war, General M. Serrano was named second in command as chief of staff, and General Alvaro was named minister of finance.

An invitation was telegraphed General Pascual Ortiz Rubio, governor of Chihuahua, who joined the revolt against Carranza, to become minister of communications, with control of railroads, telephones and telegraph. Another invitation was sent Governor Enrique Estrada, constitutional governor of Zacatecas, to become minister of agriculture.

Calles, rebel minister of war until recently, was a member of Carranza's cabinet.

"I have a great and strong desire to see Mexico an open field of honest and legitimate investments. The liberal constitutionist party invites foreign capital to Mexico."

"Banking interests are especially invited."

# DIRECTS OFFICIALS TO GRAVE OF WIFE WHOM HE MURDERED

## Walter Watson, Murderer of Many Wives, Collapsed After Recovery of Body

DIXIELAND, Col., May 4.—The body of Nina Lee Deloney was found by the searching party directed by Walter Andrew Watson, he alleged slayer, at 10:10 o'clock today.

Five miles north of Coyote Wells, Watson halted the ambulance.

"There's the gulch," he said. Assisted by deputy sheriffs, Watson walked to a spot near a small cliff. "There's the ledge," he said, pointing.

Deputy sheriffs turned a few shovelfuls of earth and revealed the body.

Watson, haggard, white-faced, with staring eyes and trembling limbs, due to his physical condition, was unshaken until the body of his victim lay in view. As he walked freely from the ambulance to the place where the body was buried he was accompanied by scores of officers, public officials, newspaper men and photographers.

"There's the ledge," said Watson, pointing to a rocky spot a few yards from where he stood. Deputy sheriffs with shovels stopped and turned a few bits of earth.

An instant later the canvas-shrouded form of the dead woman was taken from the small grave.

Watson collapsed when the dead body was uncovered and had to be assisted to the ambulance, where he lay during the subsequent stir of getting the body ready for transportation. He said he was wrapped in canvas and otherwise made.

The discovered facts all tallied with this statement.

The prisoner was the center of attraction at El Centro, Coyote Wells and here, the only points passed on the way to the discovery of the body.

He objected seriously, however, to the photographers who tried to get snapshots and negative of his every move. He threw his arms before his face and pleaded with the guards to stop the photographing. They declined to interfere.

At the scene of the discovery, Watson made a speech to the crowd before he would go forward. He said:

"My friends, I have come a long way to assist the law. I am not here to see you, and I wish to request that I be not worried with questions or requests for pictures until the body is recovered."

When the party returned to El Centro, Watson was placed in the county jail to await the inquest. It was not determined what disposition would be made of the Deloney woman's body after the inquest.

**ANSWERS EXCESSIVE  
PROFIT CHARGES**  
Washington, May 4.—Replying to charges that he made excessive profits on war contracts, Richard H. Long, head of the R. H. Long Company, Framingham, Mass., shoe manufacturers, testified today before a house investigating committee, that his company received less than 2 per cent profit on contracts aggregating more than \$20,000,000.

Mr. Long, who appeared at his own request to answer previous testimony before the committee, further declared that his company saved the government \$4,701,000 thru lower bids for leather and textile supplies.

"Our income in 1916, the year before the war," Mr. Long asserted, "was greater than our annual income from war contracts in 1917 and 1918. In addition, we lost our regular business and we still are handicapped by being tied up with a large amount of war materials on hand."

Presentation of statistics on the company's war business was followed by lengthy questioning of the witness by Chairman Graham, who later asked that the concern's books for the war be audited and furnished the committee. Mr. Long complied with the chairman's request.

**SHOOT WIFE AND  
ANOTHER MAN**  
Champaign, Ill., May 4.—Mrs. Josephine Baird and Joseph Dick are in a hospital here suffering from bullet wounds and George Baird, the woman's husband, is in jail charged with assault with a deadly weapon, as the result of an encounter on Main street here last night. Physicians say both will recover. Baird accused Dick of having broken up his home. When he met the two on the street he opened fire. Three of the bullets went wild.

**WILL CONFER WITH  
LLOYD GEORGE**  
Paris, May 4.—Premier Millerand is going to London next week to confer with David Lloyd George, the British prime minister, regarding financial questions. It is expected an agreement will be reached upon the line of action to be adopted concerning Germany with regard to execution of the reparations clauses of the treaty of Versailles.

**PERSHING GOING  
ALLIGATOR HUNTING**  
Panama, May 4.—President Leffler of Panama tendered a dinner to General Pershing tonight. Twenty guests, all men, attended.

Gen. Pershing will hunt alligators tomorrow.

# DEBATE ON PEACE RESOLUTION WILL BEGIN IN SENATE

## Final Vote Will Not be Reached Very Soon

### PASSAGE LOOKED FOR

WASHINGTON, May 4.—The senate will begin debate tomorrow on the Knox peace resolution with the general expectation of its adoption and certain veto by the president.

Republican leaders supporting and democrats opposing the resolution, introduced by Senator Knox as a substitute for the house measure, said a vote probably would be reached within two weeks.

There did not seem to be much doubt among members as to its passage, but leaders of both parties said they anticipated that with his veto message President Wilson probably would return the treaty of Versailles to the senate.

Senator Knox will call up his resolution tomorrow and deliver a prepared speech, after which according to present plans it will be taken up a few days, unless senators desire to discuss it at odd times.

Senator Hitchcock, ranking minority member of the foreign relations committee after a democratic conference today said that no attempt would be made to delay action on the measure by a filibuster.

Republican leaders said it was their purpose to discuss the pending dye tariff and other urgent legislative affairs before giving continuous consideration to the measure. Senator Lodge, of Massachusetts, the republican leader, said, however, that senators could speak at any time they desired.

**MEETING OF FARM LOAN  
OFFICIALS ENDS**  
WASHINGTON, May 4.—Federal farm loan officials, in conference here, have found no way to avoid a summer of inactivity in loaning operations. The sessions, which were practically concluded tonight, brought convincing evidence, members said, that no further new business could be handled, until the supreme court had passed on the validity of the farm loan act.

Despite the fact that the twelve land banks have borrowed approximately \$16,000,000 from private banks to loan, more than \$70,000,000 in applications for loans have accumulated and in going to the open market for funds the banks are losing one half of one per cent interest, the government rate being 5 1/2 per cent and the private rate six per cent.

To offset this loss, however, the net income of the twelve banks have arranged \$240,000, monthly since the first of the year.

**CLIMBS 940 STEPS  
IN EIGHT MINUTES**  
NEW YORK, May 4.—Howard C. Deorum, a real estate broker, who years ago, was a star half back and pole vaulter at Yale, today won a wager of \$1,600 from J. Ford Johnson, another broker, by climbing 940 steps in the Equitable building; 47 stories from the boiler room to flagpole in record time of 8 minutes 52.2 seconds.

Several thousand dollars are said to have changed hands on the sporting event among friends of the two men.

The wager stipulated that Deorum was not run up any of the 47 flights of steps and that if he won he was to get \$1,000, and \$100 for each minute less than 15 taken in the climb.

**STUDENTS DROWNED**  
Ottumwa, Ia., May 4.—Misses Hazel Hulse and Grace Massman and Peter Smith, students of the Chariton high school, were drowned there when the boat in which they were riding on Crystal Lake capsized last yesterday. Ted Stewart, the owner member of the party and also a high school student, was able to swim and was rescued.

Miss Hulse's body was recovered last night. The lake is being dragged for the other bodies today.

**GUILTY OF MURDER**  
Emmenace, Mo., May 4.—Frank Walton was charged with complicity in the murder of his wife, Mrs. Pearl Walton on the Walton farm in the northwest part of Shannon county in January, 1919, was found guilty of second degree murder by a jury in the circuit court here last night and his punishment fixed at 15 years in the penitentiary.

Gatesburg, Ill., May 4.—One hundred and twenty-five switchmen employed by the Chicago, Burlington and Quincy railroad failed to report for work today.

**HOSPITAL INMATE SUICIDES**  
Kankakee, Ill., May 4.—Henry Ringstrom, sent to the state hospital from Chicago four months ago, committed suicide today by drowning himself in the Kankakee river.

# JOHNSON SWEEPS CALIFORNIA; CLOSE RACE IN INDIANA

## Wood Has Small Lead Over Californian In Hoosier State—Lowden Poor Third.

INDIANAPOLIS, Ind., May 4.—Major General Leonard Wood had a lead of 4,900 votes in the contests for the Indiana Republican presidential preference vote when 1,713 out of 3,387 precincts in the state in today's state wide primary had been tabulated tonight. These returns were gathered from 82 of the 92 counties in the state. Senator Hiram Johnson of California was running second, with Governor Lowden of Illinois third and Senator Warren G. Harding of Ohio fourth.

The vote was:

Wood ..... 41,111  
Johnson ..... 36,126  
Lowden ..... 19,321  
Harding ..... 10,823

Unless one of the candidates obtains a majority of the votes cast, which on the face of the early returns seems highly improbable, Indiana's delegation to the Republican national convention will go without instructions unless instructed by the state convention. Delegates to the national convention will be chosen at the state convention, delegates to which were elected today.

There were no candidates for the Democratic presidential preference and the state board of commissioners ruled that names could not be written in.

Dr. Carlton B. McCulloch of Indianapolis, with \$136, had a lead approximating a majority in the race for the Democratic nomination for governor when 493 precincts had been tabulated. John Isebenberger, of North Manchester was running second with only 3,849; Mason Niblack of Vincennes third with 3,350 and J. Kirby Riek of Lafayette, who made his campaign as an avowed prohibitionist, was endorsed by William Jennings Bryan, was fourth with 2,354.

With 963 precincts tabulated in the Republican gubernatorial contest Warren T. McCray of Kentland was having a commanding lead with 28,799 while James W. Fessler of Indianapolis had 15,984 for seconds and Edgar C. Toner of Anderson was third with 11,289.

The vote was slow in coming in and indications were that it would be a late hour before a majority of the precincts were heard from.

1,250 precincts out of 3,387, Indiana, for the Republican gubernatorial race for governor gave:

McCray ..... 36,958  
Fessler ..... 23,202  
Toner ..... 14,697  
724 precincts out of 3,387 in Indiana for the Democratic nomination for governor gave:

McCulloch ..... 11,446  
Niblack ..... 5,101  
Isebenberger ..... 4,791  
Risk ..... 3,574

**NAMED MINISTER  
TO SALVADOR**  
Washington, May 4.—The nomination of Peter A. Jay, of Rhode Island, to be American minister to Salvador, was confirmed today by the senate.

Paris, Ill., May 4.—Mrs. Charles Gardner, 45 years old, today ended her own life by taking poison. She was said to have worried over an automobile accident in which her son figured.

**EL PASO, Texas, May 4.**—Ralph Greenlaw, son of Eben Francis Greenlaw of Flagstaff, Arizona, who, with another son, was killed by Mexicans near El Oro, 125 miles from Mexico City Sunday, was murdered Monday at the same place, also by Mexicans, according to advices received here tonight.

**CHICAGO, May 4.**—It is impossible for a husband to steal from his wife, Robert E. Crowe, chief justice of the criminal court ruled here today. The ruling came when Mrs. Seymour Cohen filed charges against her husband, who is an attorney, charging theft of \$41,102 worth of stocks and bonds left her by her father.

**MILWAUKEE, Wis., May 4.**—Ten thousand men are idle in Wisconsin, according to J. S. Miller, state superintendent of employment office in a bulletin issued to branch agencies. Mr. Miller contends that high wages, soldier bonuses and prohibition are the causes.

**LONDON, May 4.**—The next conference of the league of nations is planned to be held in Rome May 24. Among other questions reports concerning the health of nations will be considered.

**DARTMOUTH, England, May 4.**—The 23 metre yacht, Shamrock, which is to be used by Sir Thomas Elopion in tuning up races for the Shamrock IV, the challenger for the America's cup, sailed today for New York.

# CON CON UNABLE TO AGREE ON DEEP WATERWAY PLAN

## Delegates Seem Divided on the Proposition

### SENT BACK TO COMMITTEE

SPRINGFIELD, May 4.—Two weeks of debate on the canals and waterways section recommended by the public works committee of the Illinois constitution convention failed to bring the delegates to an agreement and they voted today to send the section back to the committee for further consideration.

The Illinois deep waterway plan divided the delegates. Some favored amendments to the section which would make impossible, or at least delay construction of the waterway. Others favored permitting construction of the canal to proceed without further delay.

Chairman Cicero J. Lindley, of the public works committee led a final drive this morning to obtain approval of his committee's report. Former Governor Joseph Fifer, of Bloomington presented the case of those who oppose the canal.

Chairman Lindley said he believed the question of constructing the canal was not one for the convention to decide that the constitution should contain nothing to hamper the building of the waterway if state departments decide that it would be beneficial to commerce. Down state delegates gathered in a conference tonight to discuss a more equitable representation of the various counties in the general assembly. The views expressed at the conference, it was expected, would prove a guide for the subcommittee of the legislative committee which has the subject of representation in the general assembly under consideration.

Some limitation of Cook county's representation in the general assembly is expected to develop as a result of the views expressed tonight.

Delegate Charles Hamill, of Chicago, who has been circulating a pledge among members in an effort to obtain an agreement for Friday sessions of the convention, said tonight he had fifty signatures. Twenty-five had refused to sign and twenty-five others had not been seen. He hopes to obtain seventy signatures.

**TORNADO DEATH  
TOLL INCREASES**  
Muskogee, Okla., May 4.—The swiftly mounting death list of the storm that swept the little inland town of Peggs, Okla., from existence, late Sunday night, had reached 59 tonight with the finding today of seven bodies underneath the debris of ruined houses. Rescue workers placed the list of injured at 150.

Burial of the dead was begun last night. Seventeen were buried before dawn and 26 others today.

Eleven bodies of the family of R. M. Stephens were placed in one grave, while another grave holds eight members of the family of John Littlefield. John Wilkerson and his family of five were buried in another.

Of the Stephens family only three survive. Two of them, Charlie, 18, and Homer, 5, are in a Muskogee hospital with fractured skulls and broken bodies. The other is the father who was visiting in Roosevelt, Okla., when the storm struck Peggs. He is now in the hospital, suffering from the shock of the town's forward today. By night the fund had reached \$3,000.

**HEAR REPORTS  
FROM ABROAD**  
DES MOINES, May 4.—Reports of the condition of the M. church in Europe and Africa were made to the general conference here by Bishop John L. Nuessen, of Zurich, Switzerland, and Eben S. Johnson, of Africa, formerly of Sioux City, Iowa.

Bishop Nuessen was in Switzerland throughout the war and during the period which followed, and has had charge of the distribution of relief supplies sent by the church. He declared catastrophe threatens Europe unless speed is made in the efforts to sustain the millions of children who are in a subnormal condition physically, owing to insufficient nourishment.

**RESIGNS AFTER FIFTY-SIX  
YEARS BAGGAGE SERVICE**  
Decatur, Ill., May 4.—After 56 years service in the same position 52 of which were with the Wabash railroad, H. B. Goodell, of Decatur today made his last trip as baggage and express messenger. He is retiring at the age of 76.

**CALL GENERAL STRIKE**  
Paris, May 4.—The union of metal workers of the Paris region has called a general strike for Thursday in support of the general federation of labor and as a protest against the action of the police in making arrests on May Day.

# SENATOR LODGE TO BE TEMPORARY CHAIRMAN OF G. O. P. CONVENTION

## Republicans in Congress Virtually Agreed on Selection of Senate Leader

WASHINGTON, May 4.—Senator Lodge, of Massachusetts, is to be temporary chairman of the Republican national convention at Chicago and will deliver the keynote, according to Republican leaders in congress, who have conferred recently with Chairman Hays, of the Republican national committee.

Republicans in congress are said to have been virtually unanimous in urging the selection of Senator Lodge by the committee on arrangements, which will meet at Chicago May 10. No contest over the chairmanship is anticipated.

Republican platform announcements will be considered here May 23 by the general platform committee appointed by Chairman Hays. Many questionnaires on platform issues have been turned in by the platform committee and others. At the conference here it is expected to outline some of the general principles, at least, to be recommended to the Chicago committee on resolutions.

**OPPOSE INCREASED  
POSTAL RATES**  
WASHINGTON, May 4.—The house postoffice committee today went on record as opposed to the automatic increases in second class mail rates to become effective this and the next two years. Final action, on a substitute measure was deferred, however, by the committee.

As a substitute for the bill introduced by Representative Fess, republican, Ohio, at the request of the American Newspaper Publishers' association, the committee adopted a motion offered by Representative Madden, republican, Illinois, to fix a flat charge of one and one-half cents a pound on reading matter and from one and one-half cents to five and one-half cents on advertising. Committee members explained that this action, taken by a vote of 9 to 6, killed the Fess bill.

Later the committee decided, that the Madden substitute would remain on the table as unfinished business and subject to future action. Mr. Madden said he expected to have a final committee vote soon.

**PROTESTS AGAINST  
CLOSING OF PROBE**  
WASHINGTON, May 4.—Assistant Secretary of Labor Post, wrote Chairman Campbell, of the house rules committee today, protesting against the closing of its investigation of his official conduct in alien deportation proceedings without giving him an opportunity to be heard.

Mr. Post charged that the house immigration committee had withheld "important and impartial testimony which is being withheld from the public," in presenting a review of some cases in which decisions have been made by him.

"Up to this time," he said, "little or nothing of a truly evidential nature has been produced before the rules committee. The only exhibits laid before you contain, with possibly two or three exceptions, nothing save parts of the records of the department of labor, relating to particular cases which I have officially acted upon. The conclusions which I am charged with responsibility for in such cases are not discoverable upon the records now before you."

**MUST APPLY AS  
NEW EMPLOYEES**  
CHICAGO, May 4.—Striking switchmen in Chicago must make application as new employees to be taken back by the railroads and seniority rights will not be restored, it was announced tonight by the General Managers' association.

"As to those men who thereafter failed to work at the times set, the railroads employed men to take their places, many of whom removed to Chicago from other points," the statement continued. "These new men, together with those who remained loyal to the service were promoted on the basis of seniority rights gained over those on strike who would be preserved, and good faith requires that that promise be scrupulously kept."

**PEOPLE EATING  
TOO MUCH CAKE**  
Washington, May 4.—Too many people eating cake and too many who find it almost impossible to get enough bread is the underlying cause of unrest in the country, E. F. Grable, president of the United Brotherhood of Maintenance Employees and Railway Shop Laborers declared today before the war labor board.

Arguing for a minimum wage increase of seven cents an hour over the present maximum rate of 53 cents, Mr. Grable declared that the majority of the men in his organization were working for less than "starvation wages."

**OVERALL FAD ENTERS  
BRITISH PARLIAMENT**  
London, May 4.—Overalls are about to invade parliament but will be combined with spats to relieve the historic place of some of the shock. Major John Robert Prettymann Newman, member of the house of commons for the Finchley division of Middlesex, will be the man who will introduce denim to Westminster.

# RAILROADS NEED MORE REVENUE TO BREAK EVEN

## Executives of Carriers Propose Increased Freight Rates

### OVER BILLION DOLLARS SHORT

WASHINGTON, May 4.—The nation's railroads will need an additional \$1,017,000,000 to bring their income to the 6 per cent basis provided in the transportation act.

Thru the Association of Railway Executives, the roads proposed to the Interstate Commerce Commission today that this sum be realized thru increased freight charges, leaving the passenger rates at the present level.

The advances in freight rates proposed were:

Eastern Roads—30.4 per cent, to yield an advance in all revenues of 21.6 of \$644,000,000.

Southern Roads—23.9 per cent, to provide 20.7 per cent larger revenue.

Western Roads—23.9 per cent, to advance all revenues 17 per cent.

Presentation of the figures marked the formal opening of the railroad rate case. While detailed statements submitted to the commission today concerned only the eastern lines, the needs in the western and southern more than \$2,000,000,000. These figures were given to serve as a basis from which the commission could work in developing a scale of rates to meet the government guarantee.

An estimated valuation of \$20,616,000,000 was given the transportation systems of the country by Mr. Willard. While there has been an increase in operating expenses of 29.1 per cent since 1916 the roads' basis of revenues for the period has been increased only 36.37 per cent, the executives statement declared, and the operating expenses now are 99 per cent of the revenues against 69 per cent in 1916.

**TWO WITNESSES  
CALLED AT BEST TRIAL**  
PONTIAC, Mich., May 4.—Two witnesses called by the prosecution in the trial of Anson Best for the alleged murder of Vera Schneider today identified Best as a man they saw in the vicinity of the unoccupied residence of the girl's body was found April 24. Another identified as the stranger with whom they had seen the girl a few hours before her death.

In a statement repudiating an alleged confession, Best denied that he had ever been with the girl. He said that he was returning to the home of his father, a theater, when an officer stopped him and questioned him regarding the girl's death.

Other witnesses placed on the stand today testified as to the character of Miss Schneider.

**U. S. OPERATION OF  
WIRES COSTLY**  
Washington, May 4.—Operation of the telegraph and telephone companies during the war cost the government \$14,095,565. Postmaster General Burleson informed congress today in asking immediate appropriation of that amount to liquidate the affairs of the federal wire administration.

**FIRST AIR MAIL SERVICE  
TO CANADA**

Railway executives have told the interstate commerce commission that freight rate increases approximating \$1,000,000,000 a year will be needed to meet the expenditures for equipment and betterments that the roads propose. There is evidently a fine prospect for higher rates and that right speedily.

Many of the big business firms of the country who send out letters signed by the president or some executive officer now follow the practice of having the officer's signature typewritten as well as penned. It's an excellent custom.

too, for many of these big business men cultivate signatures that leave their identity almost wholly to the imagination of those who read their letters.

## THE PEOPLE WILL PAY.

One of the utility men at the hearing in Springfield Monday ventured to express the theory that it would be entirely proper for the board to authorize increase in prices. "That the people are willing to pay." There's more to that theory just at the present time than ever was the case before. It's an era of spending, a time when people will buy the thing they want, no matter what the price. Sometimes they complain but buy; in other instances when the high prices are quoted they don't even turn an eyelash but simply pay the price.

There are reasons for higher charges for utility products, but the witness in question told the truth. In these days payment would be made even if the increases were not justified by unusual cost conditions.

Careful studies of the amount and character of sickness in the United States have shown that 2 per cent of the wage earning population of the country is constantly incapacitated for work on account of sickness and injuries.

Expressed in dollars and cents, this loss is estimated at \$500,000,000. Health authorities admit that much of this can be prevented. Part of the work of the Department of Health Service of the American Red Cross will be to stop this great economic waste.

## CONFUSING THE PUBLIC

"Let Congress send every profiteer to jail," is the suggestion of a Democratic periodical which delights to confuse the public mind. Since when did a legislative body either state or national, have power to send anybody to jail for any cause? Congress enacted every law it was asked to enact to give the president and his executive department power to punish violators of the law. Prosecutions are under the jurisdiction of the department of justice, with Attorney General Palmer in control of the district attorneys, United States Marshals, and a small army of investigators, special agents, legal advisers, etc. "Let the attorney general send every profiteer to jail," would have been the demand of an honest man.

## A PUZZLING SURPLUS.

The treasury of the state of Missouri is in an unusual condition. It is overflowing with money. The bank balance on a recent date was more than \$11,000,000 and since then some revenue has been added. The Republican administration claims that fine business methods have resulted in this condition, while the Democrats are just as certain that the people have been unjustly taxed, and that more revenue than required has been raised. At any rate, in these days it should not be a difficult matter to dispose of this surplus.

## SELLING THE BONDS

Bankers have been telling us all along that it was not merely the small investors who were disposing of their Liberty bonds but the great corporations as well. Now in proof of this statement comes the report of the International Harvester Co., showing that during the past year this great concern has sold Liberty bonds to the value of more than \$9,500,000.

If other corporations have done the same, it is easy to understand the source of the big sum total of bonds dumped on the market.

## A CAPABLE SCHOOL OFFICER

H. A. Perrin has been re-engaged as the superintendent of the Jacksonville schools. This action should be satisfactory to patrons of the schools for Mr. Perrin is an educator of ability and thoroughly in earnest about educational work. He is identified with state organizations purposing to build up the public school system and his work locally has been of a kind helpful to the school system and thus to the boys and girls under his supervision. For another reason his re-appointment is in order for frequent changes in superintendency can but be disturbing.

## THE SALARY OF THE COUNCIL

One of the most important actions taken at the meeting of the city council Monday night was approval of the council pay roll for the past year. The total was \$308. The salary of each first ward alderman was originally fixed at \$150 a year, as these aldermen did not run on a no salary platform. The \$8 is for the total of the salaries paid to the mayor, city attorney, city treasurer and the remaining alderman.

This was indeed an important action because it calls to attention of the public the service that the city of Jacksonville is receiving from its officials practically without cost. The records show the efficiency of the service rendered and the present spirit in Jacksonville is proof of the existence of co-operative effort. It is not improper to say in this connection that Jacksonville has received a lot of favorable advertising as the result of the publicity of the public service idea. City officials here have been invited to address gatherings in other cities to tell of the plan which is being followed here in municipal government and numerous letters of inquiry as to the methods and results have been received.

Everywhere the need of co-operative effort is felt and when the way to bring this about successfully has been found then the frequent disappointments and failures of municipal government will be corrected.

## BUT HOW ABOUT NOW

(From the National Republican.)  
You do not have to scratch your head and engage in long, deep thought to remember the enthusiasm that you and all the rest of us exhibited over the American soldier when the war was on; how you threw up your hat and shout, ranks marched along with the banner of the Union floating proudly at the head of the column; how you stood up every time The Star-Spangled Banner was played or sung; how you bared your head when the color guard went by; how you stopped your automobile wherever you might be in order to see that the men in uniform might ride instead of walk; how you and your families went to the railroad stations laden with food for the strange soldiers that might be passing through; how you shed tears of pride when your own boys went marching away to the ports of embarkation while the bugles played, the bands blared forth their patriotic tunes and the drums rolled, forth their soul-stirring marches.

That was all very fine and all very commendable, wasn't it? And everybody was exalted, lifted far out of himself and lived upon a plane of high thought and lofty idealism.

Then nothing was too good nothing, even, was good enough to offer these brave young men who were giving up their positions in life, their families and friends and offering in sacrifice their very bodies upon the altar of patriotism and of humanity. Oh, we were greatly moved, those days, and we meant it, too.

But how about now

## OLD JACKSONVILLE

By Ensley Moore

(Member Illinois State Historical Society)

Last week, the writer just happened to take up Wm. Armstrong, of Yatesville, as his subject. But, since, the writer has found an Armstrong nearer home, but descended from the Revolutionary and "1812" sires to whom reference was made a week ago.

Macaulay, the great Scotch-English statesman and man of letters, said:

"The history of a country is best told in a record of the lives of its people." This is a good and sufficient justification of the labors under the head of "Old Jacksonville."

The Armstrongs, as stated, last week, William Armstrong, of Yatesville, Morgan county, was the son of Joshua Armstrong, who served in the Revolutionary war; and William in that of 1812. William came from Pennsylvania to Greene county, Kentucky, with his father, and they moved to Warren county, in Kentucky, coming thence to Madison county, then including Morgan and to Jersey county, all in Illinois.

The name of Joshua's wife before her marriage to him was Sarah Morris, not Moss, as given erroneously in a sketch of the family, and given as Moss last week. The sketch last week specially preferred to William, son of Joshua Armstrong, William had five brothers, one of them being

Maurice Armstrong.

This man was born in Kentucky, his mother, Sarah (Morris) Armstrong being a native of Virginia, and of French descent. This Maurice lived in Madison county, Illinois, until 1833, when he came to Jersey county. He had a farm there, which he sold, and lived a short time on land that he entered in Montgomery county. Maurice married Elizabeth Sims, a Kentuckian, and they were the parents of Ahola, James, Evaline, Mary, Adeline, William, Thomas, Andrew, Jane, Christopher Columbus, Benjamin F., Maurice and Elizabeth. Christopher C. Armstrong left Jersey county in 1855, and settled at Girard, Macoupin county, opening a general store; and afterwards becoming a druggist, which business he continued for many years, and still resides in Girard.

Mr. Armstrong married Miss Fanny D. Weed, in 1862. She

for when my stock of themes is slim, I've nothing but the weather. Today my head is working wrong, I cannot chant a decent song, my thoughts all run together; and I'm afraid some angry hick may thru my window throw a brick if I ring in the weather. And yet there's nothing else, tho much I wish to write some deathless stanzas; you may have other themes in mind, the weather's all that I can find, out here in bleeding Kansas. The weather comes, the weather goes; sometimes it rains, sometimes it snows, again it rains and freezes; and it embraces all there is of thaws that melt, of storms that whiz, of fogs and mists and breezes. I've worn the weather out, I fear; I've sung about it, year by year, in high and burning phrases; I've raved about it when 'twas cold, and I've reared up to 'twas and scold, when it was hot as blazes. It's saved my bacon many times, when I looked around for themes for rhymes, and looked round and couldn't find them; and then the weather, good as new, suggested sonnets three or two, and I'd sit down and grind them.

**BETTER THAN CALOMEL**  
Thousands Have Discovered  
Dr. Edwards' Olive Tablets  
are a Harmless Substitute

Dr. Edwards' Olive Tablets—the substitute for calomel—are a mild but sure laxative, and their effect on the liver is almost instantaneous. These little olive-colored tablets are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel.

The pleasant little tablets do the good that calomel does but have no bad after effects. They don't injure the teeth like strong liquids or calomel. They take hold of the trouble and quickly correct it. Why cure the liver at the expense of the teeth? Calomel sometimes plays havoc with the gums. So do strong liquids. It is best not to take calomel. Let Dr. Edwards' Olive Tablets take its place.

Headaches, "dullness" and that lazy feeling come from constipation and a disordered liver. Take Dr. Edwards' Olive Tablets when you feel "lousy" and "heavy." They "clear" clouded brain and "perk up" the spirits.

A Los Angeles (Cal.) paper gives the following notice concerning the funeral of the late Horace Carriel:

Funeral services for Horace A. Carriel, who died Sunday at his home, 1126 West Twentieth street, will be held this morning at 10 o'clock in the chapel of the Los Angeles Crematory.

Mr. Carriel was well known in Southern California as an engineer, and was one of the founders of the Rod and Reel club. He was the son of Mrs. Mary Turner Carriel, noted clubwoman of Illinois, and of the late Dr. Henry Frost Carriel, State superintendent of the Illinois Central Insane Asylum thirty years.

Mr. Carriel was a graduate of Illinois college. He had been employed by the Southern California Edison Company the last twenty years. He leaves a widow, Belinda E. Carriel; a son, Cruse Carriel, Mission editor of The Examiner; a daughter, Mrs. Carl Oscar Borg of Santa Barbara.

**SCHOOL BOARD NOTES**

At the meeting of the board of education Monday night, resignations were received from the following teachers and were accepted with regret:

Misses Anna English and Minnie Balcke of the high school; Elizabeth Higler, Morton; Amy Pires, Lafayette; Margaret Wegehoff, Franklin; Edna Cox Washington; Marie Jaeger, Jefferson; Grace Harris, Lafayette; Helen Harney, Jefferson; Marian Williamson, Jefferson.

The board by unanimous vote re-elected H. A. Perrin as superintendent of schools and his salary was fixed at \$3,600. The names of members of the senior class eligible for graduation were presented by Mr. Perrin. The names appeared in the Journal Tuesday morning.

**JUNIOR HIGH PUPILS PRESENTED PLAYLET**

Miss Grassley's pupils in the Junior high school presented a playlet yesterday morning at 11:45 o'clock which was both instructive and entertaining.

Miss Grassley had written the playlet using the nicknames of the children who acted it. The scene was laid in Robert Brown's garden and had to do with the making of a garden and the fun made of it by others.

Those in the case of characters were: Grace Fitch, Robert Brown, Dorothy Duncan, Farrell Crabtree, Dale Leurig, Edward Brodgen, George Metcalf, Irene Kechner, Joyce Lander, Corinne Chapin, Harold Jackson, Annie Hammel, Merce Hopper, Dorothy Fiedler, Isabel Anderson, Lorraine Torry.

**IN THE JUVENILE COURT**

Alpha Dice, William Crain and Leslie Sweeney were before Judge Samuel in the juvenile court Tuesday. They were accused of petty larceny and the destruction of property and after the hearing the court ordered them committed to the school at St. Charles. Sheriff Weatherford will probably take the boys on their trip to the northern part of the state today. They are old offenders and the court has given them every chance.

**HIGH SCHOOL HONORS**

Ivan Smith and Thompson Brady hold first and second place respectively in high school senior class averages. Principal C. H. Hopkins announced last evening.

Miss Florence Chapin has an average which is above the two boys but since she did not take all of her high school work in the Jacksonville school, she is disqualified.

Mrs. Edward Stoddard and son John Hobart of Evanston, are visiting at the home of Major and Mrs. John A. Vickery, both of whom are ill.

## FINISH STRAUSE TRIAL THIS WEEK

BLOOMINGTON, Ill., May 4.—Attorney Frank Quinn for the defense consumed most of the day today in his argument in the murder trial of Edgar A. Strause, of Peoria, for the killing of Berne Meade. "Between the darkened homes of Meade and Strause stands justice," said Quinn as he eloquently pictured the scenes in the home of both the men on that December day of 1917, when Strause shot Meade in the Peoria bank of which the defendant was president and his victim was cashier. Attorney Quinn's whole argument was based on the contention that Strause shot Meade in self defense when Meade was about to assault him because Strause had exposed some of Meade's alleged irregular deals with the bank's money.

Other attorneys will argue tomorrow and the case will not go to the jury until the end of the week.

## DIES FROM INJURIES.

NEW YORK, May 4.—Indications that volcanic eruption was taking place on the island of Old Providence in the Caribbean sea, were reported here today by the United Fruit Co., steamer Calamares. A wireless message from the ship said that volumes of white smoke were observed ascending from one of its tallest peaks late yesterday afternoon. Old Providence belongs to Colombia and is about 120 miles off the coast. It is 4½ miles long and on its northerly side is the village of Isabel. Early in the Seventeenth century Old Providence was the haunt of pirate crews.

## WHITE HALL CHURCHES ENTERING NEW ERA

Decision to Not Engage in Inter-Church Financial Drive Apparently Has Won Support of Liberal Element in Making the Churches a Community Asset—Free Thinkers Have Notably Dominated Community.

White Hall, May 4.—White hall churches are not participating in the Inter-Church World Movement financial drive, which was launched Sunday. This conclusion was arrived at last week at an informal conference of White hall pastors, and the action has won for the churches at once almost the united support of the liberal element of the community. The part of even those who have been in the category of free-thinkers and disciples of Robert Ingersoll, of whom there is a super-abundance in White Hall, is best indicated in the movement to encourage church attendance that is being fostered by a group of unidentified citizens with the backing of the philanthropically disposed, whose religious views have in the past been regarded as diametrically opposed to the church as an institution. This movement is to be carried forward all the stronger since the action of the local ministerial body proves that the White Hall churches are to look after number one and bring their own institutions out of the period of indifference and non-attendance up to a front position of the greatest usefulness, instead of aiding a movement that is designed to bring about the same end elsewhere. White Hall wants all her churches to be made of the largest value and service to the community, and great strides are being made in that direction. The first act of this group of non-church members was to take it upon themselves to advise the service at the Christian church Sunday night, when the pastor, Rev. Edgar C. Lucas, spoke on "The Treaty of Peace." Bills were printed and distributed thoroughly over town, the result being that the attendance was hoisted to overflowing proportions in face of special efforts that drew large gatherings at other churches. This was a test case to see what could be done for the church, and the effects were apparent, even to the pastor, who has never been heard to better effect in a historical presentation of the steps leading up to the world war and the Balkanizing of the peace treaty that is not fair to some of the small countries and which under a rearrangement is going to produce another war.

the present facilities are concerned. The church is dedicated as a public institution for worship and service, and as such is entitled to receive the encouragement that is just now being manifested among people not members. Each church can branch out in some special line of community endeavor and there is an endless amount of work that can be undertaken by each of the six Protestant denominations if the pastors and leaders will get on the jobs and make a showing of achievement of a substantial character.

## Ideals on Which All Can Unite

One minister was interviewed on the evidence of the liberal element showing an active interest in church affairs, and asked if such a thing could be within the range of possibility, said: "A variety of opinion is the life and strength of the church, just as it is in the democracy of government. There is only this difference between us and the followers of Colonel Ingersoll: We accept the Christian plan of salvation as a matter of belief, while the other fellows go only so far as to say: 'We don't know.' The ideals of Christianity are something over which there is very slight difference of opinion, all elements practically agreeing that they are the greatest blessings and lessons in the world. So far as concrete and absolute knowledge goes, we ourselves can go as far as our conviction and beliefs carry us. Thus the line of demarcation between the Christian and free-thinker does not necessarily offer an impassable chasm. I believe that the free-thinkers are held from church attendance mainly by the incessant clamor in the past over matters of church government and doctrine. These barriers are fading away, and in their place is coming a great body of people who are one with us in the advancement of righteousness and the kingdom of God here on earth. Our ideals offer common ground and coming together, and I am hoping to deliver a sermon along this line in the very near future."

## Get-Together Service

During the winter there have been monthly union meetings at the various churches for the purpose of promoting mutual understanding and good will among the Christian people. The result has been beneficial, because for one thing, they did induce some well attended church services that had not been realized for the past few years. And again, there was broader assistance in the improvement of programs, as the Methodists, the First Baptists, the Tabernacle Baptists and the Christians did improve during the winter months, the Tabernacle church erecting the largest bell in town. The Christian improvements are not yet complete.

The greatest stride yet contemplated by a local church in making an institution that will be serviceable every day in the week instead of on one day, has been undertaken by the Presbyterians, under the direction of the pastor, Rev. Arthur F. Ewert. The plans provide for the utilization of the basement for a number of purposes, such as recital hall, rest parlors for men and women, play rooms for the children, and a gymnasium, all of which is to be open to the general public. The initial expenditure calls for \$10,000. Rev. Ewert began raising the fund one week ago today, and at the service Sunday night he announced the completion of the amount. It is already flying for the consummation of this almost revolutionary church undertaking. Rev. Ewert makes it plain that he does not wish in this movement to overshadow any of the other churches, for there is endless work for all to do and then some, and no one church can fill the entire bill when we measure the possibilities and the duties of the church, adding: "It is almost a tragedy when we think of the amount of money invested in the churches in White Hall, and then contemplate that with all these facilities none of them are really open to the public more than one day in the week, when the weather is favorable, with audiences that up to recent weeks have been confined to the handful of faithfuls of each church. What the church needs, and must do is to get in touch with the people by meeting them in everyday fashion on common grounds of ideals and aspirations. We must be the constant servants and helpers of the public every day in the week as well as on Sunday, and I am sure that every church will be kept busy."

## Idea Favored at Roodhouse

In conversation with a Roodhouse Methodist a few days ago, James E. Symons, a comparison of notes along these lines caused Mr. Symons to realize that his religious zeal is slipping. He admitted that the average church organization of the country towns and rural communities have come to a meagre existence on a foundation of personalities. The ideals of Christianity are seemingly subordinated to who shall boss the choir or in an unseemly personal wrangle and a scramble for conspicuousness and special favors. Mr. Symons is a son of the well known and successful Methodist preacher, Rev. Thomas Symons, now of Concord. The junior Symons holds the responsible position of train dispatcher with the C. and A. at Roodhouse, and he says that he does see that it is just as important that every minister should be held to a proper accounting for getting results for his church and community as he or any other person in business life is required to do if their business is to survive, whether employer or employee. Mr. Symons says that if the White Hall churches are doing the things represented, it is going to be a big help to the Roodhouse churches in attaining their proper relationship and influence with the community, or there is likely to be considerable loss of attendance from Roodhouse at church services in White Hall.

We need all the churches that we now have, but no more. It is not to be that stone-ware manufacturers were as far separated as

anything could be most foreign to their business, but in later years they have come to realize that their interests are common, and now if any manufacturer has any improved process for preparing or handling ware for burning process, every other manufacturer is welcome to it, and if possible to improve the process and hand back the better results and discoveries. This same spirit is growing up among the churches of White Hall, to the future betterment, not only of the church, but of the community at large, the interests of which are the burden of the church that carries the Christian standard.

The first Lincoln Chautauqua put on the road was held on the grounds in rear of M. E. church and the church had opportunity developing the site for something of the kind on a permanent basis. The site is still idle except for the slight demand for hitching racks, and there is a disposition to convert them into children's playgrounds if the city does not soon convert the old cemetery to the same purpose. Here is just one instance of what a church can do, and it remains to be seen how the churches will function in White Hall under the new era.

## PARK BOARD HELD

### SESSION LAST NIGHT

The park board met in regular session last evening, with all the members present. Messrs. Mulenix & Hamilton were granted permission to dispense refreshments on dance nights in the small mid room at the west end of the large pavilion so long as everything is kept in a satisfactory condition to the park board.

Two requests for public dances were refused, as it is the intention of the board to handle this matter themselves. The matter of clearing reservoir park was brought up and the board decided that they would do what they could on the strict condition that all the hedge brush which has been thrown on the reservoir premises be removed by the owner and burned.

A communication from the gun club was read. Members of the club desire to move the present building at Nichols' park somewhat to the north, where it will be in the shade of the trees, and request the park board to close that part of the park to golfers and drivers for one afternoon a week from 3 to 5 o'clock, at which time they will shoot. The matter was taken under advisement. Progress in the matter of roads, flower beds and affairs generally, was reported satisfactory.

## REPUBLICANS FROM DISTRICT MEET TODAY

Convention Will Open at One o'Clock at the Dunlap—Fifty One Delegates to Come

Republicans of the 20th congressional district will hold the district convention in Jacksonville today. The convention will meet at the Dunlap hotel at 1 o'clock. S. E. Simpson of Carrollton is chairman of the district organization and E. E. Nicholson of Beardstown is secretary. Delegates elected from the several counties to the state convention in Springfield are by virtue of that fact delegates to the congressional meet today.

The counties will have the following representation:

Brown 3; Calhoun 2; Cass 5; Greene 6; Jersey 4; Mason 5; Menard 4; Morgan 11; Pike 8; Scott 3. This makes a total of 51 delegates and 25 constitute a majority.

The functions of the convention today are to recommend the presidential elector and to elect a member of the state central committee. It is presumed also that resolutions will be adopted relating to party affairs in the district. The candidates for the Republican nomination for congress, Mr. Shaw and Mr. Russell, both of Beardstown, are expected to be in attendance.

S. E. Simpson of Carrollton and H. L. Chapman of Jerseyville were among the delegates who arrived last night in preparation of the convention today.

## D. A. R. CHAPTER IN ANNUAL SESSION

Reports for the Year Presented at Annual Business Session—Great Interest Shown in Duncan Memorial Home Plan.

The annual business meeting of the Rev. James Caldwell Chapter of the Daughters of the American Revolution was held Tuesday afternoon at 3:30 o'clock at the home of Mrs. W. L. Alexander on West State street.

The reports of the officers showed an exceedingly busy and successful year. The chairman of the Tablet committee made her report and then made a short talk telling of the meeting on May 1 when the Kirby-Duncan property was transferred to the Chapter giving them a Chapter house and Jacksonville a community club center and historical museum.

Mrs. Harber then told of her work in securing subscriptions for the Governor Duncan Memorial home other than tablets and she emphasized the fact that there was general interest in the Chapter House and that many people whose ancestors were not pioneers in Morgan county were glad to help with the purchase of the property.

Miss Josephine Morey has undertaken the organization of the Children of the American Revolution so that they too will be included and will have the pleasure and use of the old fashioned home and garden.

Fifty new members have been added to the membership of the Chapter thru the interest aroused by the purchase of the new Chapter house.

The treasurers report showed that \$11,629.59 had been received this year and that \$11,000 was paid for the Memorial property.

It was shown that \$548.38 covered the National and State dues and the amounts given to the Y. W. C. A. the Mountain White school, two French orphans, and necessary expenses, leaving \$81.29 in the treasury.

A vote of thanks was extended to the program committee for a most interesting year's work, and also to the tablet committee, the several gentlemen and the many friends who have made the purchase of the Chapter house, a vision realized.

Following the adjournment the hostesses, Mesdames Danskin, Harber, Edith Dunlap and Misses Morey and Fairbank, served doughnuts and coffee.

## Social Events

Card Party at Home of A. R. Taylor

Mr. and Mrs. A. R. Taylor entertained a small company of friends Tuesday evening at their home on South Kosciusko street. The affair was planned by Mrs. Taylor in honor of her husband's birthday and proved a most pleasant one for all concerned. Several hours were spent with cards and during the evening delicious refreshments were served.

**Pre-Nuptial Party**  
For Miss Andre.  
Misses Pauline and Beulah McMurphy entertained yesterday afternoon at their home on West College avenue in honor of Miss Gladys Andre who is to wed in June.

The guests spent the afternoon at bridge. The prize was won by Miss Helen Alcott and Miss Andre was awarded the guest prize. At five o'clock the guests were invited to the dining room where a buffet supper was served. The color scheme of yellow and white with tulle which was hung around the room and the candles by which the room was lighted. The event was one of special pleasure.

**Last Meeting of East Side Tuesday Club.**

The East Side Tuesday club held the last regular meeting of the year yesterday afternoon at the home of Mrs. J. M. Wolf on West College avenue.

Mrs. Marshall Miller gave a resume of the last years current events, and Mrs. Hocking read a paper on Argentina.

Officers for the following year were elected as follows:  
President—Mrs. L. B. Turner.  
Vice President—Mrs. J. M. Wolf.  
Secretary—Mrs. T. O. Harder.  
Treasurer—Mrs. D. E. Kennedy.

After the business meeting the hostess served refreshments.

**Strawn's Crossing Country Club Met.**  
The Strawn's Crossing Woman's Country club met Tuesday afternoon at their home on West College avenue.

There was an unusually large attendance of members and also a number of guests were present. Mrs. Frank Hunter presided and the program opened with the reading of the minutes of the previous meeting. Roll call was responded to by the names of famous Americans. After a piano selection by Miss Frances Cox, came an interesting paper by Mrs. J. W. Robertson on the subject, "Heredit." The topic of an excellent paper by Mrs. Andrew O. Harris was "What Americanism should stand for." The next number on the program was a reading by Miss Lucile Bennett and this was followed by a solo by Mrs. Doris Schuman, accompanied by Miss Virginia Bullard.

At the close of the program came a delightful social hour with refreshments. The next meeting of the club will be held at the home of Mrs. Frank Green on Tuesday, May 18.

## CHARLES PARKIN DIED IN MINNESOTA

Former Resident of Morgan County Passes Away After Short Illness.

Mrs. C. D. Jackson received a telegram Tuesday telling of the death of her brother, Charles Parkin, at the family home in Euclid, Minn. Death came at 5:15 p. m. Monday following a brief illness. The deceased was born June 24, 1855, in Scott county, Ill., and spent the early years of his life there. Later he was for a time a resident of Morgan county but for the past eight years he had lived in Minnesota.

On November 20, 1882, the deceased was married to Miss Jennie Mutch, who survives him, together with the following children: George, Everett, Parkin, Miss Mildred Parkin, all of Euclid, Mrs. Ethel Vent of Beaumont, Iowa, also three grandchildren. There also survive the following brothers and sisters, William Parkin of Canton, Ill.; Mrs. C. D. Jackson, Mrs. Fred Davey and Mrs. Walter Smith, all of Jacksonville, Mrs. John Foster and Mrs. Alice Clayton, both of Lockhart, Minn. Three children preceded their father in death. No particulars as to the time of the funeral have been made known here, but burial will be made in Minnesota.

**FRANKLIN HOME MAKERS HELD REGULAR SESSION**

Franklin, Ill., May 4.—The Home Makers Circle of Franklin met today at the home of Mrs. William Reese. About 40 were present and an excellent program was rendered. Miss Nina Seymour gave a vocal solo, and was accompanied by Miss Dorothy Seiber. A paper on "The Life of General Booth," by Mrs. Maude Van Winkle, and one by Mrs. Edward Evans, which was read by Mrs. Henderson, on "The Benefits of the Humane Society," constituted the program.

The house was decorated with wild flowers in a very attractive way. Several guests were present, among them being Mrs. Frank Goldsmith, of Galesburg. The hostess served delightful refreshments during the social hour which followed the program. The Circle adjourned to meet on May 18, with Mrs. Otis Van Winkle.

**MR. AND MRS. LUTTRELL ILL**

Mrs. Homer Ranson, of this city, returned home Monday following several days spent at the bedside of her grandfather, J. W. L. Luttrell, in Waverly. Mr. Luttrell was taken seriously ill last Friday and it became necessary to take him to a hospital in Springfield where he afterward underwent an operation. His condition remains serious but there is good ground for hopes for his ultimate recovery. Mrs. Ranson's mother, Mrs. Kate Luttrell, underwent an operation in a Springfield hospital about six weeks ago and last Saturday was able to be removed to the home of a daughter, Mrs. Sturgeon, 325 North Fourth street, Springfield.

## FINE PROGRAM GIVEN AT DAVID PRINCE GYM

Parent-Teachers Association Held Well Attended Session Tuesday Night.

The Parent-Teachers meeting in the David Prince gymnasium last evening was well attended and an excellent program was given. It was as follows:

Introduction—Supt. Perrin.  
Marching tactics, dumb bell exercises and games by boys of the 7th and 8th grade under the direction of Miss Ethel Wylder.  
Music—High school quartette, Misses Harney, Reynolds, Smith, and Haerle, accompanist, Miss Ruth Wilkinson.

Fancy steps, wand drill, girls of the 7th and 8th grades under the direction of Miss Ethel Wylder.

Vocal numbers—Miss Gladys Sargent, accompanist Miss Margaret Marker, both of the Illinois Woman's College.

Marching, heavy gymnastics, Indian club swinging, 8th grade boys, Francis Lynch accompanist.

Mrs. Ralph Dunlap who was on the program for a talk was unable to be present.

In the business session which followed the people present expressed themselves as in favor of naming the new high school the Jacksonville high school, and not the Newton Bateman school. The motion was made by Mrs. Cornick and seconded by Mrs. Floreth.

The old officers who retired were:

President—Mrs. A. C. Baldwin.

Vice president—Mrs. G. R. Bradley.

Secretary and treasurer—Miss Mabel Withoe.

Officers elected for the ensuing year were:

President—Mrs. W. D. Roberts.

Vice-president—Mrs. A. B. Williamson.

Secretary and treasurer—Mrs. J. W. Brown.

## RETURNS FROM VISIT IN DETROIT

George Edmans, manager of the local Kresge store returned recently from Detroit where he has been attending a three day conference of the Kresge district managers and the directors of the company.

Mr. Edmans stated that the third day the entire group of visiting managers visited one of the Ford plants near there and that 10,000 men were at work where 55,000 ordinarily are employed. The outlay strike has made it almost impossible to get raw materials into the city.

## Deaths

### Milstead.

Miss Myria Milstead, aged 80 years, died Tuesday morning at 10 o'clock, at Our Savior's hospital, where she has been a patient for the last two months.

The deceased has been a resident of Morgan county all her life and in 1900 he lived at the County Farm. The only relative she leaves is a brother at Macon, Illinois.

The remains were removed to the undertaking parlors of Williamson & Cody, on East State street. The funeral will be held at 3 o'clock today. Burial will be in Jacksonville cemetery.

## BABY MONKEY ARRIVES

Schepp's comedy circus will open at the Grand Thursday. Dogs, monkeys and other animals are included in the performing list. Interest in the animal group was increased yesterday when Manager Schepp found that a baby monkey has arrived. He immediately christened the little animal "Baby Grand," and added "Jacksonville" so that the place if its birth will be remembered during coming years. The monkeys in this family are of the Rhesus tribe and in their performances show a rare amount of intelligence.

## Matrimonial

Smith-Novus.  
Ebert Smith and Miss Sophia Novus of White Hall were married Tuesday at the court house by Squire A. B. Opperman. They will live in their home city.

## DEMOCRATIC CONVENTION

The Democratic congressional convention will meet in Jacksonville today. The delegates are to assemble at the court house and it is expected that every county in the district will be fully represented. Presidential electors are to be recommended, a member of the central committee chosen and other business transacted.

## The Meaning of a Name in Buying Spring Clothes

In buying your clothes this Spring, it is very important that you know the name of the maker. You don't buy an automobile by the color it is painted, you want to know who made it. You want a product that will give you the greatest service for the price you pay. When you invest your money in Kuppenheimer good clothes you get just that. Their excellent tailoring insures enduring shapeliness and lasting service; further, you get smart, sensible style, choice, all-wool fabrics—in short, all 'round satisfaction.

## New Styles for Young Men

The new Spring Styles for young men represent the height of perfection in clothes-designing. The style creations in England and Italy have been recreated by the House of Kuppenheimer. #### WESTERN ILLINOIS MEET NEXT SATURDAY

Old High School Classic Will be Run Off on Illinois Field—Coach Hufford Announces Jacksonville Contestants—Other Entries.

The Western Illinois High School League field and track meet and declamation contest will be held in this city Saturday, May 8. The athletic events will be run off on Illinois field under the auspices of the college.

Principal Hopkins of the high school is in charge of the arrangements and announced yesterday that practically all plans for the event were complete. Mr. Hopkins has shown unusual ability in such affairs and his association with the affair insures that it will be run off in first class shape.

Monday was the last day for filing entries. All of the ten schools in the league have sent in their entries. Coach Hufford also announced the men who will represent Jacksonville yesterday. Three men were named for each event. However, only two can start and a contestant can take part in only three events. This does not apply to the relay.

One hundred and twenty-five contestants have been entered from the ten schools in the league. The cities and their entries as filed follow:

**Jacksonville Entries.**

**CHARMING LITTLE VISITORS**

An unusual number of what are popularly known as wild canaries but which are properly American goldfinches, are visiting the city and vicinity this spring. One gentleman noted about twenty in his lot picking the seeds from dandelion stalks, while another threw out some crumbs which attracted the little creatures. They sing softly but not at all equal to the caged canaries.

The improved attitude toward birds is delightful. One gentleman living on the edge of town says the feathered songsters actually wake him too early in the morning. Another who wakes early says the trees on his premises are alive with the little songsters.

#### HE DIDN'T SEE THE MONEY FALL

In mentioning the return of ten dollars by M. R. Coe to a lady who lost it, the writer fully understood the gentleman to say he saw the lady drop something but he says that is a mistake. He simply saw the crumpled bill on the floor of the store and without examining it put it in his pocket, but had no idea who had dropped it. In a short time Mr. Coe heard a clerk remark that a lady was much distressed by the loss of a ten dollar bill and like an honest man, he then examined the bill he had found and returned it.

#### HOW TO RAISE BABY CHICKS

Put Avicol in the drinking water.

Most people lose half of every hatch and seem to expect it. Chick cholera or white diarrhoea is the trouble. The U. S. Government states that over half the chicks hatched die from this cause.

An Avicol tablet placed in the drinking water, will positively save your little chicks from all such diseases. Inside of 48 hours the sick ones will be as lively as crickets. Avicol keeps them healthy and makes them grow and develop.

Mrs. Vannie Thacker, R. F. D. 3, St. Paris, O., writes: "I had 90 chicks and they all died but 32. Then I commenced on Avicol and haven't lost any since. They have grown wonderfully."

It costs nothing to try Avicol. If you don't find that it prevents and promptly cures white diarrhoea, chick cholera and all bowel diseases of poultry, tell us and your money will be refunded by return mail. Avicol is sold by most druggists and poultry remedy dealers, or you can send 25c or 50c today for a package by mail postpaid. Eurreld-Bugger Co., 598 Columbia Bldg., Indianapolis, Ind.

## Unusual Value—In Tires for the Smaller Cars

Not only is characteristic Goodyear merit conspicuous in Goodyear Tires for the smaller cars, but ordinarily the first cost is found to be not greater than that of other tires; often it is actually less.

The combination of unusual value in first cost and very low final cost, of course, is a result of Goodyear experience, expertness and care employed as insistently in the making of 30x3, 30x3½ and 31x4-inch tires as it is in the construction of the famous Goodyear Cord Tires used on the highest-priced automobiles.

For this reason more cars using these sizes were factory-equipped last year with Goodyear Tires than with any other kind.

Get this unusual tire value to enjoy on your Ford, Chevrolet, Dort, Maxwell, or other car using one of these sizes, at the nearest Goodyear Service Station. Get these tires and Goodyear Heavy Tourist Tubes at this station.

30x3½ Goodyear Double-Cure Fabric, All-Weather Tread. . . \$23.50

30x3½ Goodyear Single-Cure Fabric, Anti-Skid Tread. . . \$21.50

## Have You Made Your Mother's Dreams Come True? Are You the Strong, Successful Iron Man She Expected You To Be?

or are you Worry, Weak and Ill-Health Sapping the Iron From Your Blood and Robbing You of the Prizes that Come With Health and Success? Physician Explains Why So Many Men of To-day Need the Help of

**NUXATED IRON TO BUILD RED BLOOD**  
That Gives Courage and Power To Go In and Win.

Every mother has dreams for her son. And whether it be the mother of the prize-fighter or the statesman, she is equally proud when HE wins. She thinks of HER struggle from the very start to nourish the tiny babe into rugged boyhood—then to build up his health, brawn and brain to fight the battles of young manhood. She did HER best to teach him what health and strength meant in the race for success, and the boy who was able to hold fast to her teachings is today in a position of power.

But there are thousands whose love for their mother is just as deep—thousands who wear the white carnation on Mothers' Day—thousands who never fail to write home—YET they would hesitate to answer the question, "Have You Made Your Mother's Dreams Come True?"—simply because in the mad rush for the Success which they knew would make HER proud, they have slipped upon one point. They have neglected her oft-repeated warning, "Look After Your Health First, My Boy." In pushing their mental energies to the limit without the physical strength to back them up, they have allowed worry, work and ill-health to sap the iron from their blood and leave them weak, nervous and run-down. These men are as anxious to get ahead as anyone else, but they do not realize that iron is absolutely essential to the greatest development of physical and mental power. But in the wear and tear of modern day life when their forces are constantly drained upon, they are without the sustaining strength produced by the nourishing foods and outdoor sports of boyhood days that kept up the supply of iron in their blood. Unless they surely this iron deficiency now, they cannot hope to have the rich, red blood that sends fire of energy through body and brain and makes men get ahead. Yet, to take the wrong form of iron may prove worse than useless and therefore, physicians believe plain why they prescribe only organic iron—Nuxated Iron—for red blood, strength and endurance.

"It is the men of blood and iron who will forge ahead in the business and political life of the country today," says Dr. T. Alphonso Wallace, a physician of many years' experience and formerly of the British Naval Medical Service. "Without iron there can be no strong, red-blooded men, and unless this strength-giving iron is obtained from the foods we eat it must be supplied in some form that is easily absorbed and assimilated. For this purpose I always recommend organic iron—Nuxated Iron—which by circulating the blood and creating new blood cells, strengthens the nerves, rebuilds the weakened tissues and helps to send fire of energy into the whole system, whether a person is young or old. In my opinion, Nuxated Iron is the most valuable food for strength and blood-builder any physician can prescribe."

Dr. John J. Van Horn, formerly Medical Officer and Chief Physician on the U. S. S. "Albatross," says, "To be a strong, healthy man and woman, be sure to get Nuxated Iron in your daily life. I believe that

physicians should, at every opportunity prescribe organic iron—Nuxated Iron—for all patients in need of the best tonic and red blood builders known to medical science."

Do matter what other tonics or iron remedies you have used without success—if you are not strong or well, you owe it to yourself to make the following to see how long you can work or how far you can walk without becoming tired. Next take two five-grain tablets of Nuxated Iron three times per day after meals for two weeks. Watch your strength and see how much you have gained. Nuxated Iron will increase the strength, power and endurance of delicate, nervous, run-down people in two weeks' time in many instances.

Manufacturers' Note: Nuxated Iron which is prescribed and recommended by physicians and which is not long used, let your three million people annually is not a secret remedy but is a well known and a genuine tonic. Unlike the other iron tonics, Nuxated Iron is easily absorbed and does not irritate the stomach, but from lack of used the stomach. The manufacturers guarantee Nuxated Iron and entirely refund your money if it is discovered to be of any kind of drug.

## "As a cook, I'm a fine bricklayer"

"SURE THING," I said.

"YOU STAY in bed.

AND I'LL cook breakfast."

SO MY wife agreed.

SHE'D TRY it once.

AND THE fruit was fine.

AND THE coffee—well.

SPEAKING ROUGHLY, it was fair.

BUT WHEN I tackled.

SOUR MILK griddle-cakes.

SOMETHING WENT wrong.

THEY LOOKED easy.

FLOUR, SODA, and salt.

SOUR MILK, one egg.

MIX, DROP, cook, flop.

BUT SOMETHING went wrong.

SO I stacked the cakes.

UNDER MY window.

TO MASSACRE.

THAT TENOR cat next door.

AND I asked my wife.

WHY Cakes go wrong.

SHE SAID, "It's like.

THE CIGARETTES you smoke.

JUST THINK it over."

AND FIRST I said.

"THEY SATISFY."

BUT SAW that wasn't it.

THE NEXT guess landed.

"THE BLEND can't be copied."

AND I gotta admit.

THERE'S SOMETHING in.

THIS TALK of knowin' how.

"KNOWING HOW" is everything in blending cigarette tobaccos. The Chesterfield recipe calls for the choicest Turkish and Domestic tobaccos, expertly blended in the exclusive, can't-be-copied way—our own secret. We do "know how"—and that's why Chesterfields "satisfy."

## Daily Market Report

SUBSTANTIAL GAINS  
MADE BY STOCKS

New York, May 4.—Probably on the theory that the recent continuous reversal had exceeded reasonable limits, the stock market today reversed its course decidedly, recording a number of substantial gains.

Trading was unusually light, however, the turnover being the smallest of any full session for the past fortnight.

Save for freer offerings on call money at 8 per cent and later at 6, the factors which long had governed the market were not materially changed.

More than a proportionate quota of the day's business was supplied by independent stocks, including Republic, Yanadina, Lackawanna and Midvale, in which gross gains of 2 to almost 10 points were reduced on realizing sales.

High grade rails were 1 to 2 points up at their best and secondary or speculative issues 1 to 3, but these also yielded to profit-taking with motors, shippings and sugars at the irregular close, oils showing marked heaviness. Sales amounted to \$75,000 shares.

Further weakness of Liberty issues, especially the 3½s at \$9.30, representing a loss of 2 per cent, unsettled the general bond market. Total sales, par value, aggregated \$13,675,000.

**URGES PEOPLE TO FIGHT CATARRH  
WITH SIMPLE HOME MADE REMEDY**

Can Make Pint at Home and Costs Little, Says Leading Druggist of Covington, Ky., Who Has Made Special Study of Catarrh.

**Says: Inflamed Nostrils  
Invite Influenza**

People who say that catarrh is a disease not to be taken seriously are harshly rebuked by a Kentucky druggist who has for years been much interested in the growth of this loathsome, yet altogether too common disease.

He claims that the sore, tender, inflamed membrane of the nostrils and throat is a prolific breeding ground for germs—not only the germs of influenza, but many other kinds as well.

If people would only stop experimenting for two weeks and try a simple remedy made of Mentholized Arceine mixed with enough boiled water to make a full pint, half of the catarrh in this country would be abolished. It's really no joke for people

Health Broke Down Eighteen Years Ago—Gains 25 Pounds By Taking Tanlac.

"No, sir. I couldn't do a lick of work at the time I commenced taking Tanlac, but now I have gained twenty-five pounds and have gone back to my work feeling better than I have in eighteen years," was the remarkable statement made recently by Ora Ellis, section foreman on the P. & P. U. railroad, living at 700 Hulbert street, Peoria, Ill.

"About eighteen years ago my health broke down," Mr. Ellis continued, "but I managed to hold my job until three years ago, when I got so bad off I could not stand up under the strain any longer and had to give up. My kidneys were all out of order and I had such awful pains in my back that I was in bed for weeks at a time. Rheumatism set in and I was in such agony I could hardly turn over in bed, and I suffered so much that when I finally got up out of bed my hair had actually turned gray. My stomach was all out of shape, and after eating I would have severe pains and cramps that sometimes laid me up for days. I had a burning like fire in my chest and stomach and would blast up with gas until I felt miserable. Sick headache spells would come on me and I lost weight until I was as weak as a rag and hardly had strength enough to get around."

"One day one of the boys who had been off on the road came in to see me and was looking so fine and healthy I hardly recognized him, for the last time I saw him he was in an awful bad fix. He told me that Tanlac had done it all and that he had heard about the condition I was in and wanted me to try it. I started taking it right off and it has fixed me up fine. My kidneys were never in better condition and the pains in my back have all left me. The rheumatism has also disappeared and so have those sick headache spells. I can eat anything set before me and never have a touch of indigestion. I have gotten back all my lost weight and more, too, and I have gone back to my work as section foreman on the P. & P. U. railroad and can do as much work as any of my men. I am in as good health as I ever was and I feel just like I am starting life all over again. My recovery has been simply marvelous and I will praise Tanlac as long as I live."

Tanlac is sold in Jacksonville by Coover & Shreve and by the leading drug store in every town.—Adv.

Pruning and Spraying Demonstrations—On Tuesday, May 11, W. S. Brock of the College of Agriculture will give two pruning and spraying demonstrations. The first demonstration will be given at Perry Henderson's farm southwest of Litchberry at 9:30 a. m. and the second will be given at Henry Bekhoff's farm north of Bethel at 1:30 p. m. It is planned to hold these meetings regardless of weather. If the weather should be unfit to spray, the pruning demonstrations will be given at times and places mentioned. Mr. Brock in addition to being in charge of this field work of the College of Agriculture own a 65 acre orchard in southern Illinois. We think that we are fortunate in having Mr. Brock to come in person to give these demonstrations and invite the farm bureau members and their friends to attend the demonstration nearest them. At this time the calyx spray will be given. A combination of lime sulphur and arsenate of lead will be used. This combination is primarily planned to control the codling moth but will assist in controlling scale insects and fungous diseases as well.

Soy Beans in Demand—The shipping in of a consignment of soybeans by the farm bureau seems decidedly acceptable to the members. The entire shipment is practically spoken for at this time, and the movement has barely started. We plan to keep soil for inoculation in the office and distribute it to all comers. A pint of good dirt and a pint of water makes a good mixture for inoculating one bushel.

A Short Pig Crop—From statements made at this office and that come to it from other counties we are sure that the pig crop is not up to the normal this season. The wet cold weather has not been favorable to the development of pigs after they are farrowed, and the pigs farrowed seem below normal.

Annual May Breakfast at Grace M. E. church, May 8th, 11:30 a. m. Attention Members of Jacksonville Woman's Club. Those wishing tickets for the May breakfast may secure them from the chairman of the Ticket Committee, Mrs. J. W. Clary, Ill. Tel. 50-1123. Bell 552. No reservations made after Thursday noon, May 6th.

## YES CHIROPRACTIC CAN HELP YOU

There are quite a few persons who continue to suffer in various stages of illness because they have failed to find relief through accepted health methods.

To these, especially, is Chiropractic recommended, for almost every so-called "incurable" trouble has responded under Chiropractic adjustments. Often relief has been obtained after all other methods have failed, and the patient had given up hope of health.

## Chiropractic Removes Cause of Disease

Chiropractic is a scientific, drugless method of removing the cause of disease. It proves that practically all illness is the result of spinal interference with the nerve forces of the body, and by a system of adjustments this obstruction is removed and normal conditions restored. Nature cures; health results.

## CHIROPRACTIC THE BETTER WAY TO HEALTH

will appeal to those progressive, free-thinking people who are in favor of a saner method of Health restoration, rather than through drugs and surgery. ## WILL TEACH IN GRIGGSVILLE SCHOOL

Miss Gertrude Dillon of Pittsfield Employed For Coming Term—Other Griggsville News.

Griggsville, Ill., May 3.—Miss Gertrude Dillon of Pittsfield has been employed to teach the fifth grade in the Griggsville school. Miss Dillon has taught several terms and is very successful as a teacher.

Harold Hunter has purchased two lots of Miss Fannie Allen and will erect a handsome home thereon. Mr. Hunter, manager of the Hunter Lumber company in Griggsville built one of the finest homes in this city a few years ago and recently sold it to Charles Rubendike. The location chosen for the new residence is one of the best if not the best in Griggsville being on the main street.

The members of the Baptist church in Griggsville are working in cooperation with the Inter-church movement which will save a duplication of work the world over. The local committee is composed of Miss Abbie Allen, Miss Mary Brierly, Mrs. Ray Harvey, Mrs. J. O. Conklin and Mrs. Arthur Butterfield.

## NERVOUS PROSTRATION

Mrs. J. Christman Proved That Lydia E. Pinkham's Vegetable Compound is a Remedy for this Trouble.

Binghamton, N. Y.—"I was in a very nervous condition for over a year, my mind was gloomy, could see no light on anything, could not work and could not have any one to see me. Doctor's medicine did not help me and Lydia E. Pinkham's Vegetable Compound was recommended. I took it and am now well. I recommend it to all afflicted with nervous prostration."

Mrs. J. CHRISTMAN, 193 Oak Street, Binghamton, New York.

The success of Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, is unparalleled. It may be used with perfect confidence by women who suffer from nervous prostration, displacements, inflammation, ulceration, irregularities, periodic pains, backache, bearing-down feeling, flatulency, indigestion and dizziness. Lydia E. Pinkham's Vegetable Compound is the standard remedy for female ills.

If there are any complications about which you need advice, write in confidence to Lydia E. Pinkham Medicine Co., Lynn, Mass.

## Making 9=23

THE number of motor vehicles in use in the United States during 1919 increased 23.2 percent over 1918. For the same period the production of gasoline increased only 9 percent.

To supply gasoline for the greatly increased fleet of motor vehicles is the problem confronting the petroleum industry.

To date, the solution of this problem has been possible by reason of the reserve stocks on hand. This bulk storage has served as an expansion and contraction factor to keep supply equal to demand.

In the 11 states it serves, the Standard Oil Company (Indiana) maintains 3780 bulk storage stations where stocks of gasoline are carried sufficient to meet the normal demand, with a reserve for almost any emergency.

Had it not been possible to keep this tremendous reserve in the field, thousands of motorists would have been unable to operate their cars during the late transportation troubles.

This equipment, representing an investment of millions of dollars, is managed by alert men, trained to serve you. So far it has proved itself equal to any demands made upon it.

The foresight of the men responsible for the operation of the Standard Oil Company (Indiana) has enabled them to estimate accurately the probable needs of the motorist for gasoline, and they have located bulk and service stations at convenient points throughout the territory, where the needs of the buying public can be supplied quickly and easily.

This emphasizes the benefits derived by the public from the efficiency of a company as big as its job.

## WOMAN'S FOREIGN MISSIONARY SOCIETY OF EBENEZER

The Woman's Foreign Missionary society of Ebenezer charge will hold their monthly meeting Friday afternoon at 2 o'clock at the home of Richard Standley, northwest of the city.

The bad roads and stormy weather has caused them to postpone the April meeting until this date. There will be a good program and some very important business matters to be considered, hence all interested persons should make a great effort to be in attendance. The Misses Standley and Mrs. Emma Cully are the hostesses.

## NOTICE TO BICYCLE RIDERS

Warning is hereby given to all bicycle riders to keep off sidewalks in the city. The traffic ordinance expressly forbids the riding of bicycles on sidewalks and offenders will be arrested and fined. FRANK KILORAN, Chief of Police.

## THE SOLDIER TRAMP

"Yer honor, I pleads guilty; I'm a bummer; I don't deny the cop here found me drunk. Don't deny that thru the whole long summer The sun-warmed earth has been my bunk. I hain't been able fer to earn a livin'; A man with one leg planted in the tomb Can't get a job; an' I've a strong mis-givin' 'Gaint bein' cooped up in a soldiers' home."

"Whar did I lose my leg? At Spottsylvania— Perhaps you've read about that bloody fight; But then, I guess the story won't restrain you From doin' what the law sets down as right. I'm not a rag from choice, but thru misfortune, As fer drink—well, all men have their faults; An', judge, I guess I've had my lawful portion Of rough experience in prison vaults."

"I served as private in the Tenth New Jersey. An' all the boys 'll say I done what's right; There ain't a man can say that Aram Bursey Was ever found a-shirkin' in a fight! Right in the stubborn, frightful roar o' battle, Whar shot an' shell shrieked thru the darkness wood, A cloud of blidin' smoke an' muskets rattle, You'd always see me do the best I could."

"W had a brave ol' feller fer a colonel— We called him 'Swewty,' but his name was Sweet— Why, judge, I'd swear it by the great Eternal, That brave ol' feller'd rather fight than eat! An' you could always bet your bottom dollar, In battle Sweet'd never hunt a tree, He'd always dash into the front an' holler: 'Brace up, my gallant boys, an' foler me!'"

"Well, afore the Spottsylvania battle, Ol' Swewty comes to me an' says, says he: 'I tell you, Abe, 'tain't many things 'll rattle A tough ol' weatherbeaten chap like me! But in my soul I've got a sort of feeling That I'm a-goin' to get a dose to-day; An' 'tain't no use fer me to be concealin' The skittish thoughts that in my bosom play."

"Fer many years you've been my neighbor, Bursey, An' I have always found you square an' true; Back in my little town in old New Jersey No one has got a better name than you. An' now I wnt your promise, squarely given, That if the cause today demands my life, An' you, yourself, are left among the livin', You'll take me back an' lay me by my wife."

"Well, judge, that day, amidst the most infernal An' desperate, bloody fight I ever seed, Way up in front I saw the daring colonel Throw up his hands and tumble off his steed. In half a minit I was bendin' o'er him, An' seein' that he wasn't killed outright, I loaded him upon my back and bore him Some little distance back out of the fight."

"The blood from out a ghastly wound was flowin', An' so I snatched my shirt from off my back, For I could see that brave ol' man was goin' To die, unless I held that red tide back. An' purty soon I seed he was revivin', An' heard him whisper, 'Abe, you've saved my life; Yer ol' wool shirt, along with yer convinin', Has kept me from that grave beside my wife."

"Well, judge, while I stood thar beside him, schemin' On how to get him in a doctor's care, A ten-pound shell came toward us screamin' Just like a ravin' demon thru the air. An' when it passed I found myself a-lyin' Across ol' Swewty's body, and I see That t'arnal shell that by us went a-lyin' Had took my leg along for company."

"Well, udge, that's all; 'cept when the was over, I found myself a cripple; an' since then I've been a sort of shiftless, worthless rover, But set as honest as the most of men. I've never stole a dime from livin' mortal, Nor never harmed a woman, child nor man; I've simply been a bum, an' hope the court'll Be jest as sasy on me as it can."

home." The soldier stared; dumb, silent as a statue! Then in a voice of trembling pathos said: "Judge, turn your head an' give me one look at you— That voice is like an echo from the dead!" Then forward limped, his grimy hand extended, While tears adown his sunbrowned cheeks did roll, And cried, with slang and pathos strangely blended: "Whr, Colonel Swewty! bless your brave ol' soul!"

## The "Eclipse" LAWN MOWER

### It Is "Fool Proof"

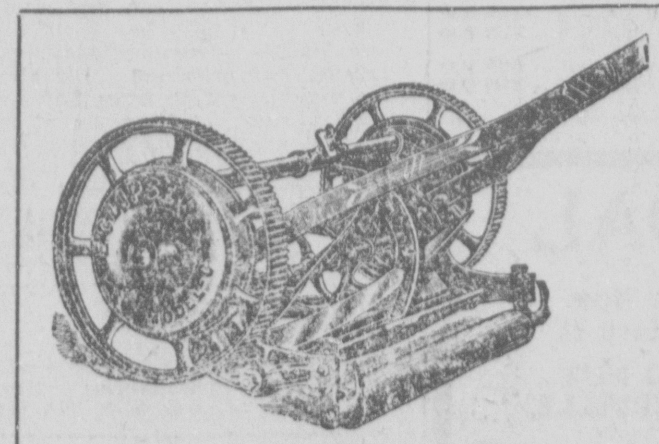

This machine has been thoroughly tested out by having been on the market fourteen years.

It has the lever adjustment for the cutter-bar to the reel which does away with all troublesome set screws and bolts.

It also has the reversing device for running the reel backward, which enables the user of this machine to grind it or the repairman to do it at a saving of time and money and enables you to get a better job.

Then with the above facts in view, why experiment in getting something that is said to be just as good when you can get the ECLIPSE and be sure you have it.

Remember, this is a guaranteed machine with no bad features, and fourteen years of success
